Good of the Association: it was mentioned that the MFAA website is falling behind again on updates. Paul Lewkowicz to check with Steve Evitt, Steve has been doing a lot of traveling in his job. Paul also looking into whether Pat Tuttle has been working with Steve and if maybe he can help with the website.

A question was raised that there is talk that the National Shoot will change to a 5 day shoot format vs 3 of 5 days. Paul said that he has heard a lot of chatter, but believes that talk is for pro division to score all 5 days. There is nothing conclusive at this time, he may hear more during the NFAA planning meeting at end of Sept. and will let us know.
